Top publications

Categories > Engineering & Computer Science > Computer Security & Cryptography ▾

| | Publication | h5-index | h5-median |
|---|---|---|---|
| 1. | IEEE Symposium on Security and Privacy | 112 | 179 |
| 2. | USENIX Security Symposium | 106 | 154 |
| 3. | IEEE Transactions on Information Forensics and Security | 100 | 146 |
| 4. | Computers & Security | 98 | 142 |
| 5. | ACM Symposium on Computer and Communications Security | 92 | 136 |
| 6. | Network and Distributed System Security Symposium (NDSS) | 73 | 130 |
| 7. | IEEE Transactions on Dependable and Secure Computing | 70 | 109 |
| 8. | Journal of Information Security and Applications | 65 | 96 |
| 9. | International Conference on Theory and Applications of Cryptographic Techniques (EUROCRYPT) | 63 | 99 |
| 10. | International Cryptology Conference (CRYPTO) | 61 | 95 |
| 11. | Security and Communication Networks | 56 | 73 |
| 12. | IACR Transactions on Cryptographic Hardware and Embedded Systems | 53 | 86 |
| 13. | Proceedings on Privacy Enhancing Technologies | 51 | 78 |
| 14. | International Conference on Financial Cryptography and Data Security | 47 | 86 |
| 15. | IEEE European Symposium on Security and Privacy | 47 | 84 |
| 16. | International Conference on The Theory and Application of Cryptology and Information Security (ASIACRYPT) | 46 | 66 |
| 17. | IEEE International Conference on Blockchain | 42 | 73 |
| 18. | ACM Asia Conference on Computer and Communications Security | 39 | 57 |
| 19. | IEEE International Conference on Blockchain and Cryptocurrency | 39 | 54 |
| 20. | Symposium On Usable Privacy and Security | 38 | 58 |
